

Quilting Buy a Yard or 2 would like to thank the Township of Harley for the use in kind of the Community Center on the March Break. We had 9 youth sewers for 2 days that learned how to use sewing machines and made project bags, pillowcases & small quilts. We wanted to teach the youth a craft that is slowly fading out. Also to participate in this event we asked for a donation of snacks and juice boxes to the new Ronald McDonald Room in Sudbury. We felt the use of the hall would be a great opportunity to let people know about the Ronald House for Northern Families. One of the youth sewers' experienced the Toronto Ronald MacDonal house; so it brought more meaning and awareness for all the participants. Quilting Buy a Yard or 2 (Gem Sewing) & Sudbury Ronald McDonald Room would like to thank all the participants and the Harley Township Council for their kind donations. The value of this donation was \$350.00.

Pictured above is Gayle McNaughton, Deborah Dumontelle (Family Room Coordinator Health Sciences North) & Mike D'Amour owner of Quilting Buy a Yard or 2 (Gem Sewing)

These are some of the pictures located at the *Health Sciences North or Sudbury Laurentian Hospital* of the Family Room, all donations will be greatly appreciated!
